Here is all of the information I could get from the bag:
All purpose absorbent
Englehard
06-19-98-1

Fuller's Earth CAS No 8031-18-3
Crystalline Silica CAS No 14808-60-7

64001892
81177-80 3-150 4-98
PO 98-00391 E359-3QQ

Note that my information is that Englehard was purchased by BASF in 2006

I hope this helps.

Thanks.

Ken
