- You must be **pre-registered** for the Exams on Physics web site. There will be capacity limits placed and you are encouraged to register early. You will need to present your **registration confirmation** (emailed to you upon registration) along with **this form** and a **photo ID**.
- Electronic devices are not allowed in the testing room. This includes cell phones, laptops, tablets, music players, headphones, recording devices, electronic storage devices, translators, etc. Please do not bring these items, as it could jeopardize your test being scored for credit.
 - Bring pencils, eraser, and a calculator that is non-graphing, non-programmable, and only has a one- or two-line display (such as TI 30xa, Casio Fx 260) [NOTE] **Equation sheet** will be provided (you cannot bring one of your own).
 - If you register to take an Exam, but do not show up to take it without cancelling it by the close of the registration period, you are considered to have taken the exam and will receive a zero. If you need to withdraw registration, send email to buuck@purdue.edu to inform us **no later than 24 hours before the exam**.
 - You can take a maximum of one Exam from among (172, 220) [introductory mechanics] and one from among (221, 241, 272) [introductory electricity and magnetism] in your entire career as a Purdue student.
 - If registered in a course for which the credit/placement exam is being taken, students are responsible for attending class and completing all work in that class until they find out if they have passed. If they pass, students should make sure the course is dropped.
 - Exams for 172, 220, 221, 272 are 2.5 hours long and include questions that relate specifically to experiments and lab experience. Exams for 241 are 2 hours long and do NOT include those types of questions.
